From its early days in Taiwan, to today in Shanghai, Hampton Yachts has come a long way in the past 45 years. To illustrate Hampton Yachts' *45 Years of Innovation*, take a look at the Endurance 650 LRC.

From her innovative, kevlar reinforced Hampton Hybrid Hull, to her stunning interior appointments, the Endurance 650 LRC is a testament to Hampton's passion for superior design and yacht construction. For example: To achieve consistent color and grain in all cabinetry and surfaces throughout the entire Endurance interior, Hampton peels extra-thick veneers from a single, very

carefully chosen log. The veneers are then expertly matched, and finished by craftsmen who have taken their craft to artisan levels - one log per yacht at a time. Innovation like this, is a thing of beauty (not to mention touch)!
